## PROFESSIONAL SUMMARY

Results-driven Computer Science student (graduating October 2025) with strong expertise in web development, system management, and data-driven problem-solving. Skilled in designing and managing scalable web applications, digital platforms, and intelligent solutions through academic, internship, and freelance projects. Adept at integrating modern technologies to enhance user experience, optimize performance, and support business growth. Passionate about applying technology to streamline operations and drive digital transformation.

## TECHNICAL SKILLS

- **Web Development:** HTML5, CSS3, JavaScript (ES6+), React.js, Bootstrap, Tailwind CSS
- **Backend & Databases:** Python (Flask, Django), Node.js, MySQL, PostgreSQL, MongoDB
- **Web Management & Tools:** cPanel, Git/GitHub, RESTful APIs, Web Hosting, Deployment, SEO Optimization
- **Software Development & AI/ML:** Python (NumPy, Pandas, Scikit-learn, TensorFlow), Data Analytics, Predictive Modeling
- **Other Tools & Platforms:** Figma, WordPress, Power BI, Tableau, Docker, VS Code

**WORK EXPERIENCE**

### 1. IT Specialist (Attachment)
*International Jaamia of Languages and Professional Studies (IJLAPS), GIGIRI Branch*
*May – July 2024*

- **Problem:** Staff faced challenges with outdated manual processes, weak digital systems, and limited IT knowledge.
- **Solution:** Provided IT support and training, managed and secured networks, updated the institution's website, and transitioned manual processes into digital systems.
- **Impact:** Improved operational efficiency, enhanced data security, strengthened online presence, and empowered staff with digital skills.

**Key Achievements:**

- Strengthened IT Infrastructure & Network Security.
- Drove Digital Transformation & Automation.
- Enhanced Website & Online Presence.
- Provided Tech Support & User Training that improved staff productivity.

---

### 2. IT & Digital Solutions Intern
*Mwangaza Wellness & Medical Centre*
*June – July 2025*

*Website:* [www.mwangazawellness.co.ke](http://www.mwangazawellness.co.ke)

- **Problem:** The organization lacked a strong digital presence and efficient IT systems to reach and engage patients effectively.
- **Solution:** Designed and optimized the official website, created and managed social media campaigns, developed digital marketing strategies, and provided IT support to streamline internal processes.
- **Impact:** Increased online visibility and accessibility of healthcare services, boosted social media engagement by 30%+, enhanced patient outreach, and improved operational efficiency through IT solutions.

**Key Achievements:**

- Launched and optimized healthcare website for greater accessibility.
- Improved brand awareness and engagement through digital marketing.
- Streamlined IT operations, enhancing staff productivity.
- Strengthened overall digital strategy for patient-centered service delivery.

---

**EDUCATION**

**Bachelor of Science in Computer Science**
Karatina University
*Expected Graduation: October 2025*

**Relevant Coursework:** Web Development, Software Engineering, Database Systems, Data Structures & Algorithms, Human-Computer Interaction (HCI), Internet Technologies, Software Project Management

---

**PROJECTS**

**1. Mwangaza Wellness & Medical Centre Website**

- **Problem:** The organization lacked an online presence, limiting accessibility to healthcare information and services.
- **Solution:** Designed and developed a responsive website to showcase services, improve visibility, and connect patients with healthcare providers.
- **Impact:** Improved patient access to information, increased online visibility, and enhanced trust in the medical centre's services.

## 2. Telaco Cleaning Services Website

- **Problem:** The company lacked an online presence, making it difficult for customers to learn about services, request quotes, or make bookings, which limited their market reach.
- **Solution:** Designed and developed a responsive website with a clean UI/UX, service descriptions, contact forms, and booking functionality. Integrated SEO practices to improve online visibility and user engagement.
- **Impact:** Enhanced the company's brand visibility, enabled seamless customer inquiries and bookings, and increased service accessibility, leading to higher customer reach and engagement.
